**Subject:** Availability for a meeting early next week?  
**Attachments:** Cheniere Energy Inc. Request to EPA (3-8-22).pdf

Jeff, Brittany ...

We would like to meet with you and the Cheniere Energy technical team as soon as possible to learn more about the technical and engineering challenges for Cheniere's turbines that were mentioned in the attached March 8<sup>th</sup> memo to Administrator Regan. We need to better understand the design and configuration of the turbines and will likely have other relevant questions as well.

Can you please poll your side and let me know a few potential meeting dates and times? As, I wrote, we hope to meet as soon as possible ... preferably early next week, if we can find a good time to do so. I think a 1-hour meeting should be sufficient.

Best regards,  
Nick
